

Hallo dear MMonVHF friends,

please find below our latest NEWSLETTER of the VHF-DX-Portal
"Make More Miles on VHF" (www.MMonVHF.de) dated 2009-07-31
We attempt to distribute our Newsletter one or two times per week.
For further detail please be so kind and refer at our "News"-page:
<http://www.mmmmonvhf.de/latest.php> - welcome and enjoy...

Latest NEWS/INFO for the NEWSLETTER
MMMonVHF The VHF-DX-Portal

EME-NEWSLETTER:

Since 2003 DF2ZC publishes the 144 MHz EME Newsletter. This is a free service for the EME community. Bernd, DF2ZC, informed us that the latest edition of the EME-Newsletter is now available at: <http://www.df2zc.de/newsletter/> 73 de Bernd DF2ZC
SOURCE: tnx to Bernd, DF2ZC to MMonVHF

Meteor Scatter - August 2009 and Perseids Shower:

It is now time for what is certainly the most popular among meteor showers: the Perseids. Perseids maximum is predicted by IMO on August 12, between 17.30 and 20 UT with ZHR=100 hr-1. There is the possibility that Perseids may produce increased rates in 2009 as well as more than one peak like in recent years. Especially the encounter with a dust trail ejected by parent comet in year 1610, could lead to significant meteor rates enhancement. Take also advantage of very good Sporadic Meteors rates, which are very close to their annual maximum in August. Have a look to shower predictions for late July - August 2009 at our MMonVHF MS-Propagationpage: <http://www.mmmmonvhf.de/ms.php> - At this page we did start as well again our ACTIVITY-OVERVIEW for the upcoming MS-Shower. If you want to be added please pass an info via MMonVHF Contact-Form. SOURCE: Massimo, IV3NDC and Guy, DL8EBW, on behalf of the MMonVHF Team

VHF-DATABASE at MMonVHF (<http://www.mmmmonvhf.de/dbase.php>):

Time to time it will be necessary to remember about regular updates to the VHF-DATABASE at MMonVHF. We will do our best to hold it up to date but YOU as a USER of MMonVHF will be able to maintain your data in the VHF-DATABASE yourself! LOGIN and follow the link to your Account > then click on "VHF-DB Update" and click on the Call (mostly only YOUR CALL or YOUR Expeditionscall) you want to change... Click on EDIT if something to change and edit it. After you finished, please don't forget to click on SAVE! Your data will be reviewed by the Team and released into the VHF-DATABASE as soon as possible! You will receive a confirmation E-mail when your data is online available! Infos or changes of OTHER than your own Calls or your own Expedition Calls as well welcome. Please do use the Contact Form <http://www.mmmmonvhf.de/kontakt.php>

N9SS Grid-pedition on 50 MHz and 144 MHz
My plans are to have 6 & 2 meters, 100w, WSJT, SSB, CW, and rove in the DN63,64,65,66 area as needed for any grid hunters. I will be staying in a cabin during the first week of August in DN64 and will be active on the weekend of August 8 & 9 in the neighboring grids. I will have internet if the Verizon Wireless works out there, otherwise I will use a HF liaison to coordinate my times of operation. If you need a grid on the way or in the neighborhood let me know and I will see if I can accommodate you. 73s

*** UN / MN82 ***

Hi everyone, Just a reminder: we are going to Kyrgyzstan on August 15 for a one-week DXpedition. Our grid is MN82re. We will be located in Tossor village on the Southern shore of Issyk Kul lake. We will have all what it takes to make a successful EME operation from there. There will be very favorable conditions to work both coasts of North America while we are there so don't miss your chance. If you are interested in working us, please keep an eye on our website <http://6mEME.ex7mw.com>
We will posting our operating schedules and other important updates there. 73, Mike, UN8GC/EX7MW

Holiday Style Operation on CW & SSB 6-160 mt from Andorra as C31/IK2CIO QSL OK via Bureau or Direct at my Address. 73
Last week we reported that Vini, IK2CIO, would be active as C31/IK2CIO between August 6-12th. We have been informed by several sources that "the Andorran Radioamateurs Union (URA) reminds that the local administration has not implemented the CEPT Recommendation T/R 61-01; therefore, any C3/homecall activity should be regarded as illegal." An up-to-date list of licensed amateurs can be found at: <http://www.ura.ad>

The VHF-DX-Portal MMonVHF - Newsletter Credits & Info

Our Newsletter is compiled from the input of the USER of the VHF-DX-Portal MMonVHF as well by a lot of free usable HF-V-U-SHF-Info-Sources and chats like ON4KST-, N0UK-, RU-VHF-DX-Net, EA-V-U-SHF-Chat and others...

* Many thanks to all USER who send us info and news *

Wherever we found the info we always indicate the source of the info. If you get knowledge of an expedition, which is NOT listed at our VHF-DX-Portal MMonVHF or if you have additional info for an expedition, PLEASE be so kind and send us this info at

* www.mmonvhf.de/newsuser.php or www.mmonvhf.de/kontakt.php *

The MMonVHF-Team is always trying to spread any expedition info as much up-to-date and reliable as possible and as long as the info does not violate with our MMonVHF-Policy.

Have a lot of fun and enjoy the VHF-DX-Portal MMonVHF!
